

Walker Top Log Homes Specifications

- We are committed to the highest level of integrity and accountability to our clients, their needs, and their new log home experience
- Limited Lifetime Warranty
- Kiln-dried random length logs with pre-cut log corners in either dove tail or saddle notch corner styles
- A detailed log cut-sheet is provided to show exact lengths of each log, window and door openings, and locations of needed electrical chases
- Logs are milled with a double tongue and groove and a positive drip-lip, which insures water run-off
- All log butt joints, and window and door bucks are connected using a dovetail spline
- Partial or full home construction services are available
- In-house design services are available for model home modifications and custom home design work
- Technical assistance is available through phone, web, or on-site
- There are 9 different log profiles to choose from and 3 different corner systems
- Matching log siding is available for each log profile
- Materials are delivered, as they are needed, on-site for the different stages of your home's construction
- All delivery and unloading services are included via a short truck with an all-terrain material lift
- Walker Top specializes in log home products and accessories only, which helps to keep the total costs of your construction in check
